

STAFFORD COACH TRIPS

Community days out, made simpler

NEWSLETTER | VOLUME 1

From idea to action

Stafford Coach Trips began with one simple aim: to make enjoyable days out easier for local people without the worry of driving, parking or arranging a taxi home.

Key milestones

1

The idea took shape

A community-focused coach service was planned around simple local pickups and destinations chosen with residents.

2

Our first booking test

Alton Towers attracted seven paid bookings. Although the minimum was not reached, everyone was contacted and refunds were started.

3

We listened and improved

Passenger interest, preferred pickup points and destination requests now help us test demand before making commitments.
