

STAFFORD COACH TRIPS

Community days out, made simpler

NEWSLETTER | VOLUME 2

Welcome to September

Thank you for your continued support as Stafford Coach Trips moves into its second newsletter. September has brought a completed website, valuable lessons from our first trip and exciting plans for 2027.

Progress shaped by experience

1

Website Version 2 is complete

The improved website now brings proposed trips, updates, pickup information and guidance together in one clearer place.

2

Learning from Alton Towers 2026

The original trip was cancelled because there were not enough bookings. That experience has helped us improve how demand, prices and confirmations are handled.

3

Two family favourites for 2027

Alton Towers Resort is returning as a proposed August 2027 trip, now including theme park admission, alongside a proposed visit to Drayton Manor Resort.
